

## **NEW! Introducing the Pump Professional & End User Program**

Program Dates:, Thursday, March 1 and, Friday, March 2

HI is offering a new shortened program at this year's annual conference that is open to pump professionals and end users. This program will feature key events on the final 2 days of the conference, Thursday, March 1st and Friday, March 2nd. It will feature our several roundtable discussions on topics including Commercial Building Services, Industrial Pumping System Challenges and Positive Displacement Pumps in addition to Government Affairs updates, Key Note speakers on Leadership and Economic trends, as well as our Gala and Awards event.

In addition to pump professionals and end-users, this program is intended for current HI members and partners. If you are interested in becoming an HI member or partner, please contact Mary Silver, Director of Membership and Technology, at [msilver@pumps.org](mailto:msilver@pumps.org).

**This shortened program is offered at a discounted flat fee of \$925 per person. If you would like to register for this program, contact Pamela Roccabruna, Director, Marketing, Communications & Events, at [proccabruna@pumps.org](mailto:proccabruna@pumps.org).**

### **Pump Professional & End User Program Agenda:**

#### **Thursday, March 1, 2018**
